

EXHIBIT C - EUT INTERNAL PHOTOGRAPHS

FM ANT

A close-up photograph of a green printed circuit board (PCB) with various electronic components. The board is populated with numerous small surface-mount components, including resistors and capacitors. Labels for these components are visible, such as "FM_ANT", "04", "03", "C6", "C30", "C21", "C20", "C10", "C2", "L1", "L8", and "L34". A large, dark blue component, possibly a battery or a large capacitor, is prominent in the foreground. The background is a blue, textured surface.
